Trainery.one 800.397.5215 A LEARNING Solution from Trainery™

# Manage your workforce training with ease.

Easy Setup  
& Access

Video on  
Demand 24/7

Smart Administration  
Dashboard

Exceptional  
Content

Real-Time  
Reporting

Integrated  
Support Materials

## Administrators can ramp up quickly

- No elaborate setup required to get going.
- Create custom video Playlists with the training courses you select.
- Playlist Tab keeps Users on track.

The screenshot displays the Streamery web application interface. At the top, the Streamery logo is on the left, and navigation links for Help, Profile, and Settings are on the right. Below the header, there are tabs for Dashboard, Courses, Catalog, and Reports. A search bar is also present. The main content area shows a breadcrumb trail: # > breadcrumb > Drafts > Analytika\_dashboard\_kit. Below this, there are tabs for Library, My Courses, Favorites, History, and Playlist. The Playlist tab is active, showing a grid of course cards. Two cards are visible: 'Indoor Heat Illness - Facts & Prevention' and 'Electrical Contact Release Training'. A video player is overlaid on the right side of the screen, showing a worker in a plaid shirt operating machinery. Below the video player, there is a 'Playlist Details' section with a '14 Courses' indicator and an 'Add Video' button. A table lists the courses in the playlist.

PRODUCT NAME	SKU	CATEGORY	ACTIVE	ACTION
Indoor Heat Illness - Facts & Prevention	5150	Healthy & Safety > Construction Safety > Heat Stress	●	✖
